**TLP-A Plastic Cervical Collar**

- ◆ Low density PE sheet edged with round foam padded by vinyl strap.
  - ◆ Two pieces structure for exact fit and easy adjustment.
  - ◆ Ventilated holes.
- Size : S / M / L

**TLP-AA Cervical Collar With Chin**

- ◆ Low density PE sheet with chin and edged round foam by vinyl strap.
  - ◆ Chin section has in addition a soft chin pad.
  - ◆ Two pieces structure for exact fit and easy adjustment.
- Size : S / M / L

**TLP-AB Adjustable Cervical Collar**

- ◆ Contoured design cervical collar with LDPE material.
  - ◆ Soft foam padding and conform ergonomics
  - ◆ Adjustable 4 different heights.
- Size : S / M / L

**TLP-AC Trachea Cervical Collar**

- ◆ Two pieces of foam construction for easy application.
  - ◆ Molded foam with rigid plastic for great stabilization.
  - ◆ Special designed for tracheotomy people.
- Size : S / M / L

**TLP-B Firm Density Cervical Collar**

- ◆ Firm density closed foam covered with stockinet.
  - ◆ Velar fastener for easy adjustment.
- Size : S / M / L / XL

Size Information : Cervical Collar

Size	Inch	Centimeter
Small (S)	11 - 16	28 - 41
Medium (M)	13 - 18	33 - 46
Large (L)	15 - 20	38 - 51
Extra Large (XL)	17 - 22	43 - 56

\* Measure circumference of neck

**TLP-C Neoprene Shoulder Support**

- ◆ Made by neoprene with nylon lining.
- ◆ Provides support and retain shoulder and upper arm.
- ◆ Size : S / M / L / XL
- ◆ \* Fit left and right shoulder

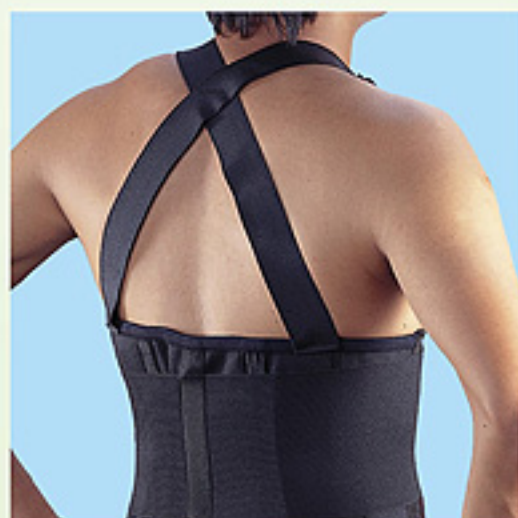

**TLP-CA Humeral Kit Support**

- ◆ Constructed of plastic shell with soft foam lining.
- ◆ Adjustable strap
- ◆ Size : S / M / L
- ◆ \* Fit left and right shoulder

**TLP-CB Humeral Kit Support**

- ◆ Constructed of plastic shell with soft foam lining.
- ◆ Padded foam sling.
- ◆ Size : S / M / L / XL
- ◆ \* Fit left and right shoulder

**TLP-F Industrial Back Support**

- ◆ Two way stretch power knit elastic.
- ◆ Elastic back panel with 4 flexible braces, non-stretch side panels for abdominal support.
- ◆ Size : S / M / L / XL

**TLP-G Rib Belt For Man**

- ◆ Two panel elastic with flannel lining and contact closure.
- ◆ Provides compression and comfortable.
- ◆ Size : S / M / L

**TLP-GA Rib Belt For Woman**

- ◆ Constructed of soft foam and elastic material.
- ◆ Provides compress and comfortable.
- ◆ Size : S / M / L

Size Information : Shoulder Support

Size	Inch	Centimeter

Large (L)	29-32/38-44	74-81/97-112

\* Measure circumference of chest

**TLP-DA Clavicle Splint**

- ◆ Comfort foam padded shoulder strap.
  - ◆ Provides proper immobilization, enhances patient comfort.
- Size : XS / S / M / L

Size Information : Clavicle Support

Size	Inch	Centimeter
Small (S)	24 - 30	61 - 76
Medium (M)	30 - 36	76 - 91
Large (L)	36 - 42	91 - 107
Extra Large (XL)	42 - 48	107 - 122

\* Measure circumference of chest

**TLP-HA Wrist Support**

- ◆ Made by neoprene with nylon lining.
  - ◆ Provides comfortable compression and support for weak or stressed wrist.
- Size : One Size Fit All      \* Fit left and right hand

**TLP-HB Wrist / Palm Brace**

- ◆ Made by neoprene with nylon lining.
  - ◆ Stabilization of thumb by reinforced metal stick
  - ◆ Provides firm support and compression.
- Size : S / M / L / XL      \* Fit left and right hand

**TLP-HC Wrist / Thumb Support**

- ◆ Elastic material with hook and loop closure.
  - ◆ Metal stay insert keeps the thumb in position.
  - ◆ Provides firm support and compression.
- Size : One Size Fit All      \* Fit left and right hand

**TLP-HD Wrist / Thumb Splint**

- ◆ Made of PE plastic and lined with soft EVA foam.
  - ◆ Provides support and limit the motion.
- Size : S / M / L      \* Specify left and right hand

**TLP-JA Thumb / Wrist Splint**

- ◆ Constructed of ventilation mesh fabric.
  - ◆ Palmar place insert aluminum splint for keeps the thumb and wrist in position.
- Size : S / M / L / XL      \* Specify left and right hand

**TLP-KA Neoprene Wrist Splint**

- ◆ Made by neoprene with nylon lining.
  - ◆ Palmar place insert metal splint for immobilization.
  - ◆ The splint can easily be removed to fit right or left hand.
- Size : S / M / L / XL      \* Specify left and right hand

Size Information : Wrist Support

Size	Inch	Centimeter
Small (S)	5 - 6	13 - 15
Medium (M)	6 - 7	15 - 18
Large (L)	7 - 8	18 - 20
Extra Large (XL)	8 - 9	20 - 23

\* Measure circumference of above wrist bone

**TLP-KB Mesh Wrist Splint**

- ◆ Constructed of ventilation mesh fabric.
  - ◆ Palmar place insert metal splint for immobilization.
  - ◆ The splint can easily be removed to fit right or left hand.
- Size : S / M / L / XL \* Fit left and right hand

**TLP-L Elastic Wrist Splint**

- ◆ Elastic material with hook and loop closure.
  - ◆ Palmar place insert 5" aluminum splint for immobilization.
  - ◆ Provides firm support and compression.
- Size : S / M / L / XL \* Specify left and right hand

**TLP-M Neoprene Wrist Support**

- ◆ Made by neoprene with nylon lining.
  - ◆ Helps relieve pain through pressure on injured wrist.
  - ◆ Provides firm support around weak and strained area.
- Size : S / M / L / XL \* Fit left and right hand

**TLP-O Tennis Elbow**

- ◆ Foam lined strap.
  - ◆ Hoop and loop closure.
  - ◆ Strap width two inches.
- Size : One Size Fit All \* Fit left and right hand

**TLP-OA Air Pouches Elbow Guard**

- ◆ PU ventilation material with nylon lining.
  - ◆ Air pouches inserted provide extra cushion.
- Size : One Size Fit All \* Fit left and right hand

**TLP-OB Tennis Elbow**

- ◆ Made by neoprene with nylon lining.
  - ◆ Hook and loop closure help relieve muscle pain.
- Size : S / M / L / XL \* Fit left and right hand

Size Information : Elbow Support

Size	Inch	Centimeter
Small (S)	8 - 9	20 - 23
Medium (M)	9 - 10	23 - 25
Large (L)	10 - 11	25 - 28
Extra Large (XL)	11 - 12	28 - 30

\* Measure circumference of forearm

**TLP-U Neoprene Elbow Support**

- ◆ Made by neoprene with nylon lining.
  - ◆ Easy pull on and pull off.
- Size : S / M / L / XL \* Fit left and right hand

**TLP-Q Mesh Arm Sling**

- ◆ Large envelope made of nylon mesh.
  - ◆ Thumb loop helps keep hand correctly position.
  - ◆ Adjustable shoulder strap.
- Size : S / M / L / XL \* Fit left and right hand

**TLP-R Arm Sling**

- ◆ High quality cotton envelope with an extendable portion for hand support.
  - ◆ Adjustable shoulder strap.
- Size : S / M / L / XL \* Fit left and right hand

**TLP-S Arm Sling**

- ◆ Deep pocket for comfort and fit.
  - ◆ Slide bar buckle help assure arm is hold in correct position.
  - ◆ Adjustable shoulder strap.
- Size : S / M / L / XL \* Fit left and right hand

**TLP-SA Shoulder Sling**

- ◆ Constructed of foam laminated to a loop pile material.
  - ◆ Provides immobilization of the shoulder and upper arm.
  - ◆ Restricts mobility of shoulder and upper arm separations
- Size : One Size Fit All \* Fit left and right hand

**TLP-SB Radius Kit Sling**

- ◆ Constructed of plastic shell with soft foam lining.
  - ◆ Padded foam sling.
- Size : S / M / L / XL \* Fit left and right hand

Size Information : Arm Sling

Size	Inch	Centimeter
Small (S)	10 - 11	25 - 28
Medium (M)	11 - 12	28 - 30
Large (L)	12 - 13	30 - 33
Extra Large (XL)	13 - 14	33 - 36

\* Measure circumference of chest

**TLP-T Neoprene Knee Support**

- ◆ Made by neoprene with nylon lining.
- ◆ Easy pull on and pull off.
- ◆ Size : S / M / L / XL \* Fit left and right leg

**TLP-W Neoprene Knee Support**

- ◆ Made by neoprene with nylon lining.
- ◆ Neoprene pad support on the front for extra protection.
- ◆ Easy pull on and pull off.
- ◆ Size : S / M / L / XL \* Fit left and right leg

**TLP-WA Neoprene Knee Support**

- ◆ Made by neoprene with nylon lining.
- ◆ Open patella design relieves patellar pressure.
- ◆ Neoprene pad support on the front for extra protection.
- ◆ Easy pull on and pull off.
- ◆ Size : S / M / L / XL \* Fit left and right leg

**TLP-WB Neoprene Knee Support**

- ◆ Made by neoprene with nylon lining.
- ◆ Open patella design relieves patellar pressure.
- ◆ Neoprene pad support on the front for extra protection
- ◆ Easy pull on and pull off.
- ◆ Size : S / M / L / XL \* Fit left and right leg

**TLP-2A Neoprene Knee Support**

- ◆ Made by neoprene with nylon lining.
- ◆ Medial and lateral spiral stays provide additional support and stability for the knee
- ◆ Retention and compression reduces chances of strain.
- ◆ Size : S / M / L / XL \* Fit left and right leg

**TLP-2B Neoprene Knee Support**

- ◆ Made by neoprene with nylon lining.
- ◆ Medial and lateral spiral stays provide additional support and stability for the knee
- ◆ Four elastic crossing straps lend additional support.
- ◆ Size : S / M / L / XL \* Fit left and right leg

**TLP-3A Hinged Knee Support**

- ◆ Made by neoprene with nylon lining.
  - ◆ Lateral aluminum hinges offer superior stability.
  - ◆ Medial and lateral ligament provide additional support.
  - ◆ Open and neoprene pad for relieves patellar pressure.
- Size : S / M / L / XL      \* Fit left and right leg

**TLP-3B Hinged Knee Support**

- ◆ Made by neoprene with nylon lining.
  - ◆ Lateral aluminum hinges offer superior stability.
  - ◆ Medial and lateral ligament provide additional support.
  - ◆ Open and neoprene pad for relieves patellar pressure.
- Size : S / M / L / XL      \* Fit left and right leg

**TLP-5A ROM Knee Support**

- ◆ Made by neoprene with nylon lining.
  - ◆ Polycentric knee joint with flexion and extension.
  - ◆ Pin stops for controlled range of motion, increases stability, provides support and protection.
- Size : S / M / L / XL      \* Fit left and right leg

**TLP-5B ROM Knee Support**

- ◆ Functional knee brace with range of motion hinges and flexion, extension settings.
  - ◆ Ideal for postoperative immobilization and range of motion needed after ACL, MCL, LCL and PCL ect.
  - ◆ The semirigid frame and strong straps prevent rotation and brace migration.
- Size : 20"      \* Fit left and right leg

**TLP-XA Straight Knee Immobilizer**

- ◆ Soft foam laminated material for comfort and exact fit.
  - ◆ Straight lateral and aluminum stays provide stability.
  - ◆ Hook and loop closure for secure fit.
- Size : 12" / 16" / 20" / 24"      \* Fit left and right leg

**TLP-XC 25 Degree Knee Immobilizer**

- ◆ Soft foam laminated material for comfort and exact fit.
  - ◆ 25 degrees lateral and aluminum stays provide stability.
  - ◆ Hook and loop closure for secure fit.
- Size : 12" / 16" / 20" / 24"      \* Fit left and right leg

Size Information : Knee Support

Size	Inch	Centimeter
Small (S)	13 - 14	33 - 36
Medium (M)	14 - 15	36 - 38
Large (L)	15 - 16	38 - 41
Extra Large (XL)	16 - 17	41 - 43

\* Measure circumference of knee joint

**TLP-8 Neoprene Ankle Support**

- ◆ Made by neoprene with nylon lining.
  - ◆ Open toe and heel design allows full range of motion.
  - ◆ Provides compression for weak or overstretch ankles.
- Size : S / M / L / XL      \* Fit left and right foot

**TLP-8A Ankle Stirrup Support**

- ◆ Neoprene interface padding offer comfortable compression.
  - ◆ Medial and lateral rigid supports to protect against and eversion movement.
- Size : One Size Fit All      \* Fit left and right foot

Size Information : Ankle Support

Size	Inch	Centimeter
Small (S)	7 - 9	18 - 23
Medium (M)	9 - 11	23 - 28
Large (L)	11 - 13	28 - 33
Extra Large (XL)	13 - 15	33 - 38

\* Measure circumference of above ankle

**TLP-10A Waist Sacroiliac Support**

- ◆ Soft foam laminated material for comfort and exact fit.
  - ◆ Molded inserts in front and back pocket provide firm support and compression to waist and abdominal area.
  - ◆ Hook and loop closure for easy adjustment.
- Size : S / M / L / XL

**TLP-16A Elastic Waist Belt**

- ◆ All elastic construction.
  - ◆ Cross bands in back provide broad area for waist support.
  - ◆ Hook and loop closure for easy adjustment.
- Size : S / M / L / XL

**TLP-16B Waist Sacroiliac Support**

- ◆ All elastic construction.
  - ◆ Aluminum splints in back provide waist and spine support.
  - ◆ Triangular configuration correctly distributes pressure to tip of shoulder.
- Size : S / M / L / XL

**TLP-17A Mesh Back Support**

- ◆ Highly vented and breathable elastic strapping material.
  - ◆ Elastic adjustable strap provide uniform compression.
  - ◆ Spring splints in back provides firm support.
- Size : S / M / L / XL

Size Information : Waist Support

Size	Inch	Centimeter
Small (S)	30 - 35	76 - 89
Medium (M)	35 - 40	89 - 102
Large (L)	40 - 45	102 - 114
Extra Large (XL)	45 - 50	114 - 127

\* Measure circumference of waist.

**TLP-17B Waist Sacroiliac Support**

- ◆ Made by neoprene with nylon lining.
  - ◆ Two side pulls and four PE stays in back for extra support.
  - ◆ Provides maximum support to middle and lower back.
- Size : S / M / L / XL

**TLP-20 Panel Elastic Belt**

- ◆ Flannel lined elastic with contact closure.
  - ◆ Combination of three panel.
  - ◆ Provide compression and support to abdominal area.
- Size : S / M / L / XL

**TLP-20A Panel Elastic Belt**

- ◆ Flannel lined elastic with contact closure.
  - ◆ Combination of four panel.
  - ◆ Provide compression and support to abdominal area.
- Size : S / M / L / XL

**TLP-22 Back Protective Support**

- ◆ Unique breath through flexible belt on both side.
  - ◆ Four aluminum splint provide increased support.
- Size : S / M / L / XL

**TLP-22A Waist Sacroiliac Support**

- ◆ Flannel lined elastic with contact closure.
  - ◆ Four steel splints in back provide waist and spine support.
  - ◆ Side elastic adjustable straps provide uniform compression.
- Size : S / M / L / XL

Size Information : Waist Support

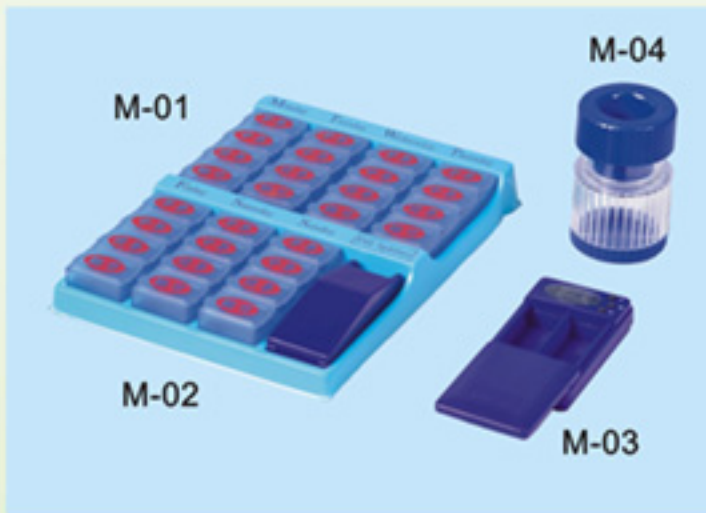

Size	Inch	Centimeter
Small (S)	30 - 35	76 - 89
Medium (M)	35 - 40	89 - 102
Large (L)	40 - 45	102 - 114
Extra Large (XL)	45 - 50	114 - 127

\* Measure circumference of waist

**TLP-30 Pregnancy Belly Belt**

- ◆ Breathable elastic and soft pile bonded to foam.
  - ◆ Provides compression and support the hips and lower back.
- Size : One Size Fit All

**Medication Attachment**

- ◆ M-01 : Convenient to for seven days. With tablet cutter.
- ◆ M-02 : Tablet Cutter
- ◆ M-03 : Timer Medication Box
- ◆ M-04 : Grind Medication Box

**TLP-Y Soft Guard Hip Support**

- ◆ Pelvic tilt mechanism to allow for safe controlled hip abduction adduction movements.
  - ◆ Adjustable flexion, extension, length joint and panel to accommodate large girth.
- Size : One Size Fit All \* Fit left and right hand

**TLP-11 Rib Support**

- ◆ Constructed of anodized aluminum and polyethylene.
  - ◆ Hinged on both direction and soft pad for maximum comfort.
  - ◆ Hook and loop closure for secure fit.
- Size : One Size Fit All

**TLP-11A Hyperextension Support**

- ◆ Constructed of anodized aluminum and polyethylene.
  - ◆ Hinged on both direction and soft pad for maximum comfort.
  - ◆ Safely closure for secure fit.
- Size : S / M / L / XL

**TLP-12 Elasticity Plastic Support**

- ◆ Constructed of elasticity plastic with soft PU lining.
  - ◆ Six elastic strap provide additional support.
  - ◆ Prevent the waist large movement.
- Size : S / M / L / XL

**WK-P Ankle Support**

- ◆ Made of durable and lightweight polypropylene.
  - ◆ Designed to provide great stability.
  - ◆ Soft foam with extreme comfort.
- Size : S / M / L / XL \* Fit left and right food

**WK-AA Adjustable Air Walker**

- ◆ TPR sole.
  - ◆ Provide foot & angle extreme immobilization.
  - ◆ Hook and loop closure for easy of adjustment.
  - ◆ Adjustable ROM joint.
  - ◆ Air pouches inside the boots.
  - ◆ Height 17 inches.
- Size : S / M / L                      \* Fit left and right foot

**WK-AS Adjustable Soft Walker**

- ◆ TPR sole.
  - ◆ Provide foot & angle extreme immobilization.
  - ◆ Hook and loop closure for easy of adjustment.
  - ◆ Adjustable ROM joint.
  - ◆ With comfortable soft foam.
  - ◆ Height 17 inches.
- Size : S / M / L                      \* Fit left and right foot

**WK-FA Fixed Air Walker**

- ◆ TPR sole.
  - ◆ Provide foot & angle extreme immobilization.
  - ◆ Hook and loop closure for easy of adjustment.
  - ◆ Air pouches inside the boots.
  - ◆ Height 17 inches.
- Size : S / M / L                      \* Fit left and right foot

**WK-FS Fixed Soft Walker**

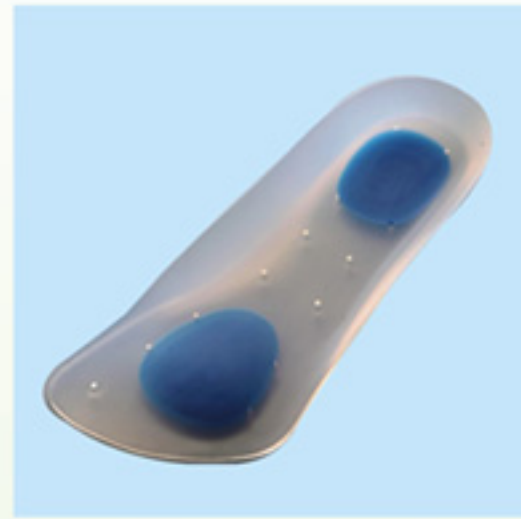

- ◆ TPR sole.
  - ◆ Provide foot & angle extreme immobilization.
  - ◆ Hook and loop closure for easy of adjustment.
  - ◆ With comfortable soft foam.
  - ◆ Height 17 inches.
- Size : S / M / L                      \* Fit left and right foot

**TSP-A Full Length Silicone Insole**

- ◆ Made by medical silicone rubber.
  - ◆ Arch design for heel stabilization and extra soft blue "dot" additional cushioning.
  - ◆ Relieve and avoiding the pressure and shock waves on the heel and metatarsals.
- Size : XS / S / M / L

**TSP-B 3/4 Silicone Insole**

- ◆ Made by medical silicone rubber.
  - ◆ Arch design for heel stabilization and extra soft blue "dot" additional cushioning.
  - ◆ Relieve and avoiding the pressure and shock waves on the heel and metatarsals.
- Size : M / L / XL

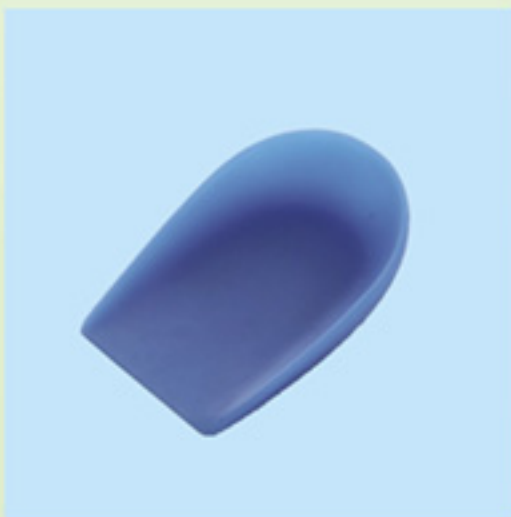

**TSP-C Full Length Thin Silicone Insole**

- ◆ Made by medical silicone rubber.
  - ◆ Extra soft blue "dot" additional cushioning.
  - ◆ Relieve and avoiding the pressure and shock waves on the heel and metatarsals.
  - ◆ Ideal for dress shoes and pumps.
- Size : XS / S / M / L

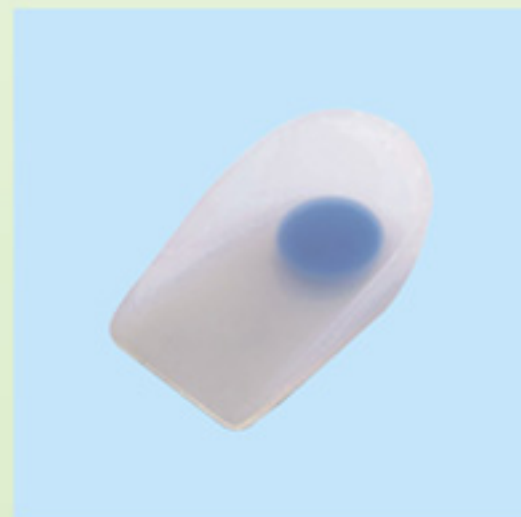

**TSP-D 3/4 Thin Silicone Insole**

- ◆ Made by medical silicone rubber.
  - ◆ Extra soft blue "dot" additional cushioning.
  - ◆ Relieve and avoiding the pressure and shock waves on the heel and metatarsals.
  - ◆ Ideal for dress shoes and pumps.
- Size : S / M / L

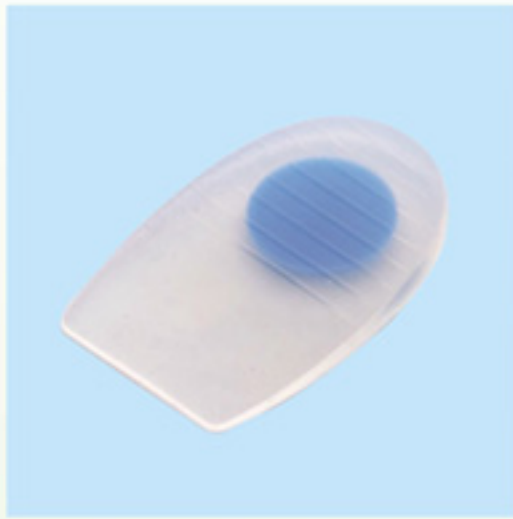

**TSP-E Silicone Heel Cup**

- ◆ Made by medical silicone rubber.
  - ◆ Help distribute impact to the heel evenly.
  - ◆ Arch design for heel stabilization.
- Size : S / M / L / XL

**TSP-F Silicone Heel Cup**

- ◆ Made by medical silicone rubber.
  - ◆ Help distribute impact to the heel evenly.
  - ◆ Extra soft blue "dot" in the center of heel provide additional cushioning.
  - ◆ Arch design for heel stabilization.
- Size : S / M / L / XL

**TSP-G Silicone Heel Pad**

- ◆ Made by medical silicone rubber.
  - ◆ Help distribute impact to the heel evenly.
  - ◆ Extra soft blue "dot" in the center of heel provide additional cushioning.
- Size : S / M / L

**TSP-H Silicone Heel Pad**

- ◆ Made by medical silicone rubber.
  - ◆ Walk straight insert helps you to correct foot posture and reduce painful cause.
  - ◆ Extra soft blue "dot" in the center of heel provide additional cushioning.
- Size : M / L

**TSP-I "U" Silicone Heel Pad**

- ◆ Made by medical silicone rubber.
  - ◆ Reduce painful caused of heel.
  - ◆ Designed to comfort and protection the foot.
- Size : M / L

**TSP-J Removable Silicone Heel Pad**

- ◆ Made by medical silicone rubber.
  - ◆ With removable "Teardrop" plug on the underside.
  - ◆ The spur area is "Cradled" in a pocket of air and eventually distribute weight of the cushion while remove the plug.
- Size : S / M / L

**TSP-K Ball-of-Foot Silicone Cushion**

- ◆ Made by medical silicone rubber.
  - ◆ Protects the entire ball of your foot as it absorbs shocks, relieves pressure and reduces friction
  - ◆ Provides long-lasting cushioning comfort for severe forefoot discomfort or callus.
- Size : M / L

**TSP-L Ball-of-Foot Silicone Cushion**

- ◆ Made by medical silicone rubber.
  - ◆ Protects the entire ball of your foot as it absorbs shocks, relieves pressure and reduces friction.
  - ◆ Extra soft blue "dot" in the center of heel provide additional cushioning.
- Size : M / L

**TSP-M Toe Crest Silicone Cushion**

- ◆ Made by medical silicone rubber.
  - ◆ Comfort for hammer, claw or mallet toes.
  - ◆ Reduce pressure to the metatarsal area and toes, the ring holds toe in place.
- Size : M / L

**TSP-N Toe Separator Silicone**

- ◆ Made by medical silicone rubber.
  - ◆ Prevent friction or abrasion from toes and other interdigital lesion.
  - ◆ Help realign overlapping toes and for rehabilitation after forefoot surgical procedures.
- Size : M / L

**TSP-O Toe Separator Silicone**

- ◆ Made by medical silicone rubber.
  - ◆ Corrective shield between first and second toes.
  - ◆ Help realign overlapping toes and for rehabilitation after forefoot surgical procedures.
- Size : M / L

**TSP-P Toe Protector Silicone**

- ◆ Made by medical silicone rubber.
  - ◆ Protects toes, ingrown nails, hammer toes and toes tip.
- Size : S / M / L

**TSP-Q Toe Crest Silicone Cushion**

- ◆ Made by medical silicone rubber.
  - ◆ Protect injured fingers or toes while they heal.
- Size : S / M / L

**TSP-R Minimus Valgus Silicone Cup**

- ◆ Made by medical silicone rubber.
  - ◆ Help you to correct minimus posture and reduce painful cause.
  - ◆ Designed to comfort and protection for minimus valgus.
- Size : S / M / L

**TSP-S Hallux Valgus Silicone Cup**

- ◆ Made by medical silicone rubber.
  - ◆ Help you to correct hallux posture and reduce painful cause.
  - ◆ Designed to comfort and protection for hallux valgus.
- Size : S / M / L

**TSP-T Waist Silicone Pad**

- ◆ Made by medical silicone rubber.
  - ◆ Relieve and avoiding the pressure and shock waves on the waist.
- Size : One Size Fit All

**P-01 3/4 Hard Rectify Insole**

- ◆ Recommend to flat foot and abnormal foot to rectify.
  - ◆ Distribute weight of the foot evenly, helpful the tip blood circulation.
  - ◆ Reduce the soles,heels and feet pain.
- Size : S / M / L

**P-02 Full Length Rectify Insole**

- ◆ Recommend to stand or walk for long time people etc.,
  - ◆ Distribute weight of the foot evenly, helpful the tip blood circulation.
  - ◆ Seven kinds of material create to optimum comfortable.
- Size : S / M / L / XL

**Diabetic Sock**

- ◆ Abundant elasticity , extra soft material.
  - ◆ Silica gel on the bottom to protect injured foot and avoid cocoon.
- S-01 : Apply to "Diabetic Patient".**  
**S-02 : Apply to "Amputation Patient"**  
 Size : S / M / L / XL

**Diabetic Shoe**

- ◆ Apply to diabetic patient.
  - ◆ Shoe inbuilt ample space for set and change insole.
  - ◆ Ventilation and hardness moderate material of vamp to provide the most comfort.
  - ◆ Insole conform foot appearance for distribute weight of the foot evenly.
  - ◆ Insole approve to replacement.
- Size : 38 / 39 / 40 / 41 / 42 / 43 / 44 / 45 / 46 / 47 / 48

## Bamboo Charcoal

Use 4-years-old bamboo ; through high temperature (800°C) to burning and carbonization to bamboo charcoal. Process grind to powder and add into fabric provide variety care.

- ◆ **Far Infrared Rays** : Lift blood's oxygen , activation cell , help blood circulation and improve physical environment. (Test report display the bamboo charcoals' far infrared rays average value : 0.88)
- ◆ **Deodorization** : Porosity structure can effective adsorbability 「 Volatility an Organic Solvent Gas 」 (Test report display the bamboo charcoal can eliminate NH3 gas 53%)
- ◆ **Keep Warm** : Large specific gravity and abundant nature mineral can keep body warm. (Test report display the bamboo charcoal can raise temperature more than 10°C)
- ◆ **Natural Material** : Have perpetual result, independent of wash.

**BC-01 Headguard**

Size : M / L / XL

**BC-02 Wristlet**

Size : M / L / XL

**BC-03 Elbow Pad**

Size : M / L / XL

**BC-04 Knee Pad**

Size : M / L / XL

**BC-05 Waist Support**

Size : S / M / L / XL

**BC-06 Waist Support**

Size : S / M / L / XL

Special color for model BC-06  
Sink Color and Black inside

## Spine Massager

- ◆ **Relieve Pressure** : Relieve body pressure, enabling your bone, spine, muscle ect. to relax.
- ◆ **Softness** : Soften and relax your stiff and painful thigh, buttock, back, neck etc.
- ◆ **Balance** : Help you to upright your deformed bone and restore your previous tough body.
